8. EXPOSURE CONTROL/PERSONAL PROTECTION

8. EXPOSURE CONTROL/PERSONAL PROTECTION	
Personal protective equipment required (for leak or spill). Fo	llow good housekeeping and hygienic work practices.
Ventilation Requirements: O Local exhaust Mecha	anical / general O Special
Respiratory Protection:Wear suitable mask when handlinSkin Protection:Wear nitrile or neoprene gloves when handlinEye Protection:Wear splash goggles when handling large quOther:Wear dust/ mist respirator, gloves and apron	antities or cleaning spill.
9. PHYSICAL AND CHEMICAL PROPERTIES	-
	ne tendency towards clumping if exposed to moisture
Odor: salty base; no aroma added	pH: > 7 (in solution)
Specific gravity (H2O=1): see below*	Solubility in water: soluble
Boiling point: n/a	
Other: * bulk density app 1.2 g/ml	
ound out density app 1.2 g/m	_
10. STABILITY AND REACTIVITY	
Stable O Unstable	
Conditions to avoid: moisture, damp or humid conditions	
Incompatibility: Strong acids, bases, oxidizing agents.	
	_
11. TOXICOLOGICAL INFORMATION	
Acute: May cause mild eye irritation.	
Chronic: None known.	
Other: Not determined.	
12. ECOLOGICAL INFORMATION	-
Ecotoxicity: Not determined.	
Environmental fate: Not determined.	
13. DISPOSAL CONSIDERATIONS	-
Rinse containers before recycling or discarding.	
Hazardous characteristics: considered nonhazardous	
Waste disposal methods: Follow all local, state, and fede	ral regulations. Consider recycling or reclaimation.
14. TRANSPORT INFORMATION	-
DOT Classification (bulk/mass product): not regulated	
IATA Classification (bulk/mass product): not regulated	

Other: N/A

15. REGULATORY INFORMATION

Professional use only. Not for retail sale.

16. OTHER INFORMATION

Refer to product label and ingredient listing for directions and precautions.
