| E-mail address  | SDS@ESTEE.COM  |                   |
| 2. HAZARDS IDENTIFICATION   |  |                   |

#### **Classification**

#### **OSHA Regulatory Status**

This material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910.1200)

#### Label elements

The product contains no substances which at their given concentration, are considered to be hazardous to health

## Hazards not otherwise classified (HNOC)

Not applicable

#### Other Information

Unknown acute toxicity

4.8% of the mixture consists of ingredient(s) of unknown toxicity

# **3. COMPOSITION/INFORMATION ON INGREDIENTS**

### Mixture

| Chemical Name          | CAS No.    | Weight-% |
|------------------------|------------|----------|
| GLYCERYL STEARATE      | 31566-31-1 | 1 - 5*   |
| COCAMIDOPROPYL BETAINE | 61789-40-0 | 0.1 - 1* |

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

#### **4. FIRST AID MEASURES**

| Description of first aid measures  |  |
|--|--|
| General advice   | No hazards which require special first aid measures.   |
| Eye contact  | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. If symptoms persist, call a physician.                        |
| Skin contact   | Wash with soap and water. In the case of skin irritation or allergic reactions see a physician.  |
| Inhalation   | Remove to fresh air. If symptoms persist, call a physician.  |
| Ingestion  | Not an expected route of exposure. Clean mouth with water and drink afterwards plenty of water. Call a physician or poison control center immediately. |
| Self-protection of the first aider   | Use personal protective equipment as required.   |
| Most important symptoms and effects, both acute and delayed                |  |
| Symptoms   | None known.  |
| Indication of any immediate medical attention and special treatment needed |  |
| Note to physicians   | Treat symptomatically.   |
| 5. FIRE-FIGHTING MEASURES  |  |

#### Suitable extinguishing media

. ..

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Small FireUse water. Do not use dry chemicals or foams. CO 2 or Halon may provide limited control.Large FireFlood fire area with water from a distance.

Unsuitable extinguishing media Caution: Use of water spray when fighting fire may be inefficient.

Specific hazards arising from the chemical

Some are oxidizers and may ignite combustibles (wood, paper, oil, clothing, etc.). Sealed containers may rupture when heated.

# Explosion data

Sensitivity to Mechanical Impact No information available.

Sensitivity to Static Discharge No information available.

## Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

#### 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

| Personal precautions      | Enact facility's spill response plan. Remove all sources of ignition. Ensure adequate ventilation, especially in confined areas. Wear protective gloves/protective clothing and eye/face protection. |
|---------------------------|--|
| Environmental precautions |  |
| Environmental precautions | Prevent product from entering drains. Dispose of contents/container to an approved waste   |

|   | disposal plant.  |   |   |
|---|--|---|---|
| Methods and material for containment and cleaning up                  |  |   |   |
| Methods for containment   | Prevent further leakage or spillage.   | spillage if safe to do so. Dike to  | collect large liquid spills. Collect                              |
| Methods for cleaning up   | Clean contaminated surfac  | ce thoroughly.  |   |
|   | 7. HANDLING A  | ND STORAGE  |   |
| Precautions for safe handling   |  |   |   |
| Advice on safe handling   | when handling the product<br>required. Take precautiona<br>with good industrial hygien | ks/open flames/hot surfaces. —<br>must be grounded. Use persona<br>ary measures against static disch<br>e and safety practice. Ensure ad<br>c, drink or smoke when using this   | arges. Handle in accordance<br>lequate ventilation, especially in |
| Conditions for safe storage, inclu-                                   | uding any incompatibilities  |   |   |
| Storage Conditions  | Keep tightly closed in a dry<br>containers upright and tigh                            | / and cool place. Keep in properl<br>ly closed when not in use.   | y labeled containers. Keep  |
| Incompatible materials  | Acids. Bases. Alcohols. Co   | ombustible material.  |   |
| 8. E  | EXPOSURE CONTROLS  | PERSONAL PROTECTIO  | N   |
| Control parameters  |  |   |   |
| Exposure Guidelines   | level that contributes to the<br>limit applicable in the regio                         | The following ingredients are the only ingredients of the product above the cut-off level (or level that contributes to the hazard classification of the mixture) which have an exposure limit applicable in the region for which this safety data sheet is intended or other recommended limit. At this time, the other relevant constituents have no known exposure limit from the converse listed have |   |
| Chemical Name   | ACGIH TLV  | OSHA PEL  | NIOSH IDLH  |
| GLYCERYL STEARATE T<br>31566-31-1                                     | WA: 10 mg/m <sup>3</sup> except stearates<br>of toxic metals                           | -   | -   |
| Appropriate engineering controls                                      |  |   |   |

No information available No information available No information available No information available No information available

# **10. STABILITY AND REACTIVITY**

 Reactivity

 No data available

 Chemical stability

 Stable under recommended storage conditions.

 Possibility of Hazardous Reactions

 None under normal processing.

 Conditions to avoid

 Extremes of temperature and direct sunlight.

 Incompatible materials

 Acids. Bases. Alcohols. Combustible material.

 Hazardous Decomposition Products

 None known based on information supplied.

# **11. TOXICOLOGICAL INFORMATION**

#### Information on likely routes of exposure

| Product Information | No data available  |
|---------------------|--------------------|
| Inhalation          | No data available. |
| Eye contact         | No data available. |
| Skin contact        | No data available. |

#### Ingestion

No data available.

#### **Component Information**

Data within this section obtained from international chemical toxicological profiles.

| Chemical Name                        | Oral LD50         | Dermal LD50 | Inhalation LC50 |
|--------------------------------------|-------------------|-------------|-----------------|
| COCAMIDOPROPYL BETAINE<br>61789-40-0 | = 4900 mg/kg(Rat) | -           | -               |

#### Information on toxicological effects

| Symptoms   | No information available.   |
|--|---|
| Delayed and immediate effects as w                         | vell as chronic effects from short and long-term exposure_  |
| Sensitization<br>Germ cell mutagenicity<br>Carcinogenicity | No information available.<br>No information available.<br>This product does not contain any carcinogens or potential carcinogens as listed by OSHA,<br>IARC or NTP. |

| Reproductive toxicity    | No information available.               |
|--------------------------|---|
| STOT - single exposure   | No information available.               |
| STOT - repeated exposure | No information available.               |
| Target Organ Effects     | Eyes, Respiratory system, kidney, Skin. |
| Aspiration hazard        | No information available.               |

#### Numerical measures of toxicity - Product Information

The following values are calculated based on chapter 3.1 of the GHS document .

# **12. ECOLOGICAL INFORMATION**

# Ecotoxicity

None known

#### Persistence and degradability No information available.

# **Bioaccumulation**

No information available.

| Other adverse effects   | No information available  |
|-------------------------|---|
|                         | 13. DISPOSAL CONSIDERATIONS   |
| Waste treatment methods |   |
| Disposal of wastes      | Disposal should be in accordance with applicable regional, national and local laws and regulations. |
| Contaminated packaging  | Do not reuse container.   |
|                         | 14. TRANSPORT INFORMATION   |
|                         |   |
